STEPPING STONES TO THE FUTURE

AND THEY ALL BEGIN RIGHT HERE

Each is given a bag of tools,
A shapeless mass,
A book of rules;
And each must make,
Ere life is flown,
A stumbling block,
Or a stepping-stone.

In Shops, Classes, and Activities students learned the steps necessary for a successful occupation and a successful life. Students at TECH can look to the future with confidence because they know that they have taken the first basic steps to their future .

Yes, it all begins
right here, where the
students prepare for
their journey . . .

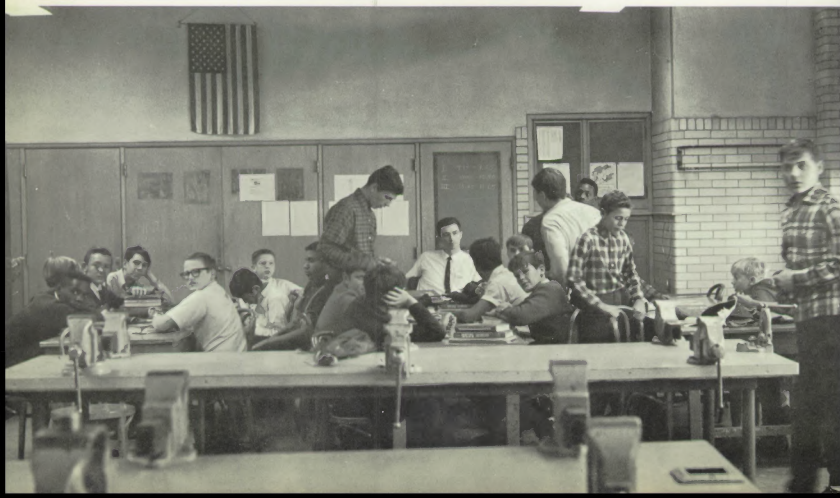

and after
the first
steps are
taken, they
are out in
the world,
and what
was the
future is now
a reality

Shops

Stepping Stones

As a Tech student you took important steps to the future in your shops. Whether it was designing a house, sewing a dress, or typing a letter, every shop was an important step that brought you closer to the day when your favorite shop may become your basis for your life's work. You may even have a little head start on that work if you took advantage of training such as Distributive Education, which gave you true, on the job experience.

Classes

Tech students take their academic classes--math, English, science, history--very seriously, for they realize that these subjects provide the background they will need to succeed in the future.

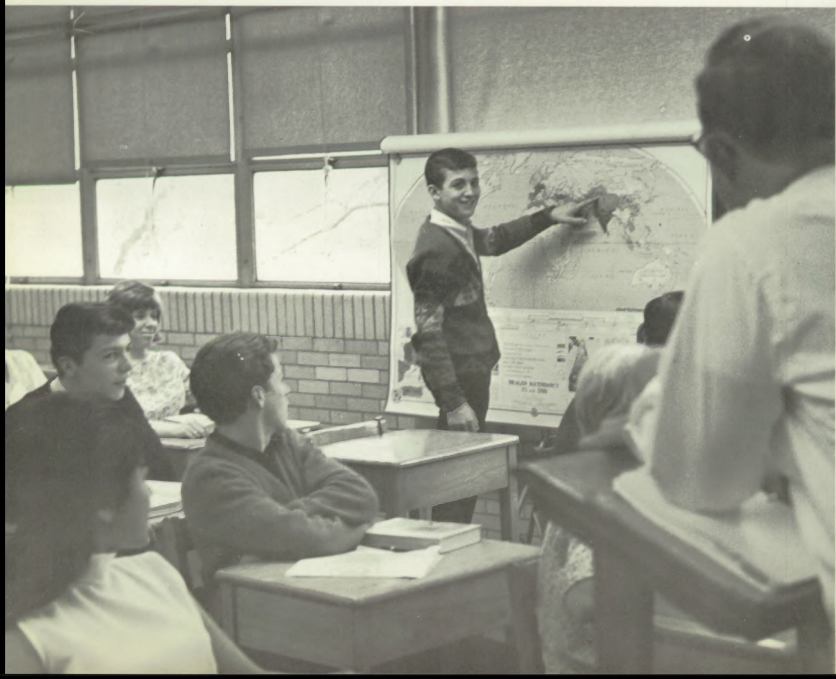

Each new math problem they solve will aid them either in their future job or at college.

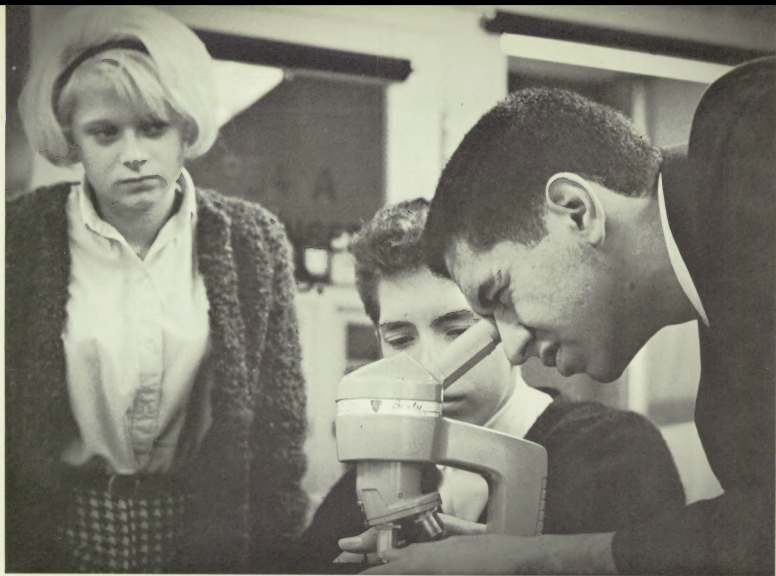

Their knowledge of history will help them to understand the world situation today a little better.

Science may inspire some students to make it their life's work and maybe join in the conquest of space; perhaps a few may even become astronauts.

Their use and knowledge of the English language, taught by Tech's fine English department, is the basis of communicating with others effectively.

Each academic class at Tech is a stepping stone that will help to make the future a little brighter for the students who make the most of them.

Activities

Cultivating many friendships through school activities is another way to plan for the future. Attending a dance, participating in a play, singing with the choir—all help to develop your personality—to aid you in working together for fun as well as for achievement. The ability to make friends and work with others is not something you need only in school, but something essential to every person's life—if it is to be a happy one. Each friendship you make today is just another stepping stone to the future.

Homecoming; Close

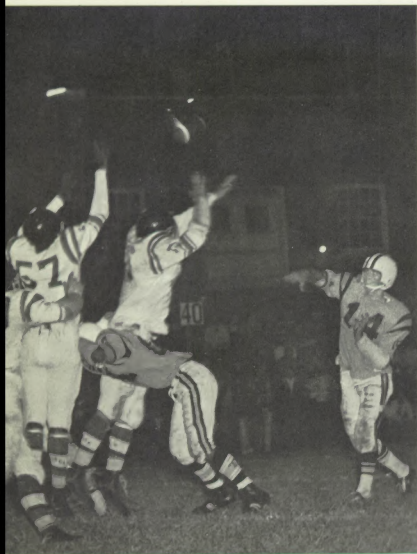

The Homecoming game this year was played against Hammond High with a customary large and successful parade and bonfire preceding it.

Although the Tigers put up a stiff fight, the Wildcats managed to down them 27 to 21. The game got off to a bad start when HHS returned the ball 86 yards on the first kickoff for a seven point lead. They doubled this score in the second quarter but Tech retaliated with the two TD's to tie the score 14 to 14 at the half.

In the second half, the Tigers made one more touchdown but so did Hammond High along with a last minute TD which clinched the game for them.

At Halftime ceremonies, Candy Langer and Bob Montalbano were crowned king and queen.

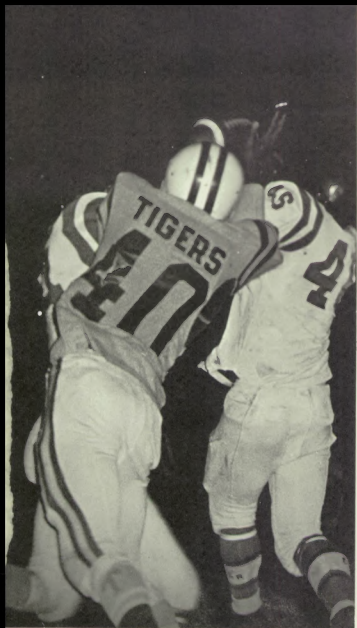

Trophies for the best floats went to welding shop for the shop division, cheerleaders for the club division, and Edward Grimmer took first place in the individual competition.

Quarterback Mike Iatarola lofts a pass high over Wildcat heads.

"Charge" is the word as the cheerleaders start to pep up the student body at the bonfire before the game.

Bill Chase tangles with two Hammond High players for the ball.

The Homecoming Queen and her court are from left to right, Sandy Miller, Bonnie Ciba, Candy Langer, queen, Peggy Goodpaster, and Janis Urbanczyk.

One of the many floats entered in the Homecoming Parade was this one brandishing the slogan 'Hang Those Wildcats.'

First place in the club division was awarded to the cheerleaders for their entry.

Tigers Drop Nine; Take Gavitt 25-13

Tech's 1966 football season, while not as successful as last year's, proved to be an exciting one.

Hopes ran high in September, but bad luck and disappointments plagued the team until when the clock ran out at the last game, the season record stood at one win and nine losses. The only win was against Gavitt in a day game.

Although the statistics do not show it, the fighting Tigers gave many teams a real battle. One such game was that against highly regarded East Chicago Washington. For three quarters the Tigers kept the Senators at bay but let two fourth quarter touchdowns slip by to lose a bitterly fought game, 14-0.

Coach Lentvorsky's boys showed sportsmanship in defeat as well as victory and the Tiger 1966 football season is one we can be proud of.

Fullback Mike Street, head down, prepares to meet a surprised linebacker.

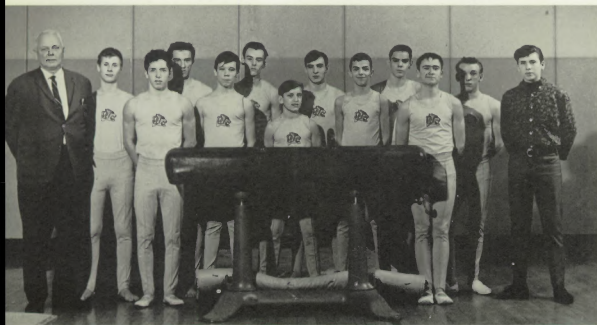

Perseperation, determination, and dejection, all three are mirrored in the face of newly appointed Head Coach Frank Ivorsky.

Sideline Tigers watch their teammates fight against time.

New Sport Started This Year ; Gymnastics!

Gymnastics team from left to right: Coach Carlson, Gary Stickley, Rich Chandler, Ken Renicker, Randy Cochran, Cale Minor, Tom Galus, Keith Lloyd, Mark Vukovich, Mike McCrury, Bill Barr, Ken Erickson, and Scot McWilliams, manager.

In September, for the first time, a gymnastics team was formed at Tech. The squad, headed by Coach Harold Carlson, consisted of 12 boys.

Meeting in the gym fourth hour every day, the team started its training with exercises. Slowly they progressed to basic and then more sophisticated movements in each event. The events include tumbling, floor exercises, the trampoline, parallel bars, high bar, rings, and the side horse.

While season competition was not fully organized, next year it is planned to have the gymnastics season coincide with that of basketball.

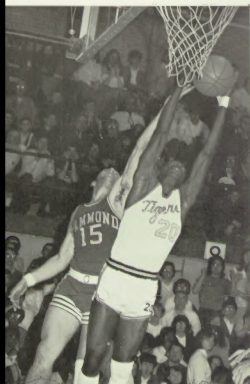

Walking on his hands on the parallel bars is Rich Chandler.

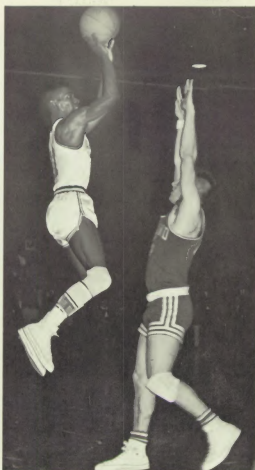

Dale Minor takes a turn at the high bar.

Tech 64- HHS 63

Hammond High, rated fifth in the state, had a walkaway scheduled that night, or so they thought. But Tech's terrific Tigers had a surprise for Hammond High and the "experts."

Tech lead most of the time which included a 17 to 15 score after the first quarter, 35 to 33 at the half, and a 10 point 55 to 45 lead going into the fourth quarter.

HHS caught up during the last two minutes, but their hopes were squelched by a two pointer by Jim Doby.

Robinson and Doby "Take a break."

Sectional Champs of 1967 "and friends" are from left to right standing: John Goetzinger (mgr.), Ken Anderson, Bill Chase, Jim Parish (alumnus), Larry Collins, Mr. Parson (fan), Jim Doby, Don Love, "Friskie" Fraser, Coach George Bercolo. Kneeling: HHS star center (spy), Lester Stokes, Dale Vieau, Pete Smith, Doug Robinson, Bootsy White, Arthur Grass (mgr.). Sitting: Eddie Herron.

Mr. Parson and students watch as Tigers scrap with Tolleston in the Regionals.

"Battle of the giants."

Munster Mustang couldn't quite keep up with Ed-die Herron.

Bootsy White lets go of one over unhappy Oilers.

Tigers Sweep Sectionals!

The Tech Tigers went all out in the 1966-67 basketball season and not only won the Bishop Noll Tournament, but also took their first sectional crown since 1940!

After finishing an excellent 14-9 season, the fantastic five swept through the first round of the sectionals by downing hapless Whiting, 78-50.

In the second round the Tigers were pitted against the Gavitt Gladiators who they defeated by a 14 point margin. Advancing to the final game, Coach Bereolos' boys played Munster for the championship. Our cagers proved too much for the Mustangs and rolled over them, 88-68. In the Regionals Tech was defeated by Tolleston.

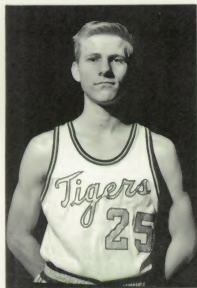

"We're number one!"

Outstanding senior athletes are from left to right: Jeff Yekon-wrestling, Doug Robinson-basketball, Pee Smith-track, Bill Chase-football, Bob Montalbano-football (not pictured), Mike Ianirola-baseball, John Arcella-tennis.

VARSITY WRESTLING

Standing, left to right: Jeff Yekon, Jim Colias, Wallace Campbell, Rich Franks, Steve Sudham, Jim Jones. Kneeling: Bob Schrum, Ira Gibbs, Doug Mathews, Dave Markwood, Tom Branson, Larry Roop.

Jeff Yekon watches for signal to start wrestling at a meet held at Tech.

Steve Ludwig is working on a guitar in Exploratory Wood.

Eddie Moore is working in Mr. O'Keefe's Exploratory Metal Shop.

Mr. Shields, Bruce Lanham, and Bobby Kelly work on name plates for individual teachers.

In Mr. O'Keefe's Exploratory Metals, Chuck Ralph is heating metal to complete his project.

Exploratory Drafting Shop works on individual projects.

Boys Explore All Shop Areas At Tech

Four Exploratory Shops were provided for freshmen boys to allow them to decide which area of training best suited their needs. The shops were Exploratory Electric, Exploratory Drafting, Exploratory Metals, and Exploratory Wood.

In Exploratory Electric the basic introduction to electricity was taught. The students were being prepared for a future in an electrical occupation. They studied magnetism, insulation, and static electricity.

Exploratory Drafting gave freshmen boys an introduction to basic drafting procedures. Also, whether or not they wished to continue majoring in the drafting field.

Exploratory Metals introduced to freshmen boys the basic training in metal work. The students learned how to use the tools.

Exploratory Wood teaches the fundamentals of using tools correctly. Some of the general objectives of Exploratory Wood is to provide occupational exploration for purpose of guidance, and to teach a general knowledge, understanding, and appreciation of the industrial needs of woodworking in an industrial and technological society. Some of the boys did special jobs such as making guitars and bongos.

Printing: A Shop And Service To The School

Ron Stombaugh, Larry Blanchard, and Dennis Suroviak are working on the offset press in Mr. Delaney's Print Shop.

Mr. Delaney busily corrects papers for his Print Shop students.

In Mr. Delaney's Print shop, beginning students did manual typesetting and printing with an offset press and platen press.

In more advanced printing, workers ran vertical presses and Linotype machines. They also printed many things for the school such as papers, the Tech Times, report cards, and work for other schools.

One of the projects this year was making advertisements for make-believe companies.

Bob Alb and Dennis Suroviak use the offset press in Mr. Delaney's Print Shop.

For a special shop project in Mr. Delaney's Print Shop, Dennis Durokavich and Leonard Burns display advertising for imaginary companies.

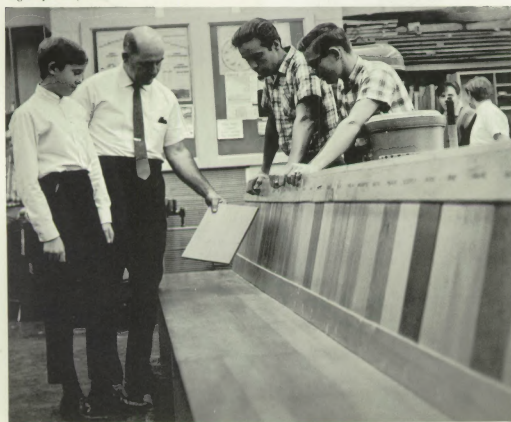

Drafting

Working on a piping layout in Mr. Jandura's Drafting Shop is Gary Smith.

Mr. Jandura and George Heldt discuss a layout of a business room in drafting.

Allen Hannon is working on project in Mr. Jandura's Drafting Shop.

All phases of blueprinting, drafting, and freehand sketching were offered at Tech. Sketching and Mechanical Drawing gave boys knowledge of working drawings and sketches for use on the job.

Drafting gave boys the experience of blueprinting and drafting needed to become professional draftsmen.

Pattern and Cabinet Making shop stressed on design, layout, and selection of lumber. Safe use of both hand and power tools were also taught. Pattern and Cabinet making helped make molds for the Foundry shop, repairs on desks and chairs, and props for the Drama Department.

David Dziadon is working on the new machine, Bruning Diaza, in Mr. Jandura's Drafting Shop.

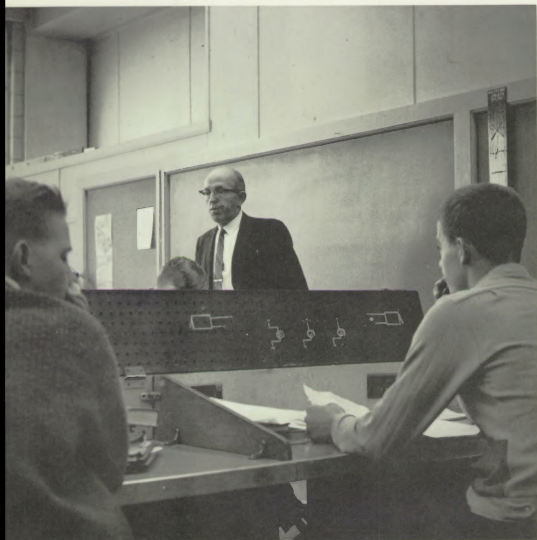

Ron Lloyd works on drafting project.

Chung Hom is shown soldering an Audio Amplifier.

Students Worked With Home Appliances

There are four shops dealing with electrical work. They are Electric 1, Electric 2, Electronics, and Home Appliances.

Electrical shop students worked with house wiring circuits, telephone circuits, and signal wiring.

Other Electrical shops worked on electric motors, motor controls, and all electrical devices dealing with power.

Electronics provided the opportunity for students to become familiar with the basic circuits of radio and television.

Home Appliances shop taught boys to fix such appliances as toasters and refrigerators.

Mr. W. Hobbs, instructs class on basic theory of magnetism in Electric II shop.

Dejesus Jimenez is shown testing a steam iron

Selecting parts for a job he's doing is, Don Slayton.

Gary Welman and Pete Janik are shown repairing a television in Mr. Buchtle's Electronics Shop.

Don Slayton shown connecting a 4 point starting box to a DC motor.

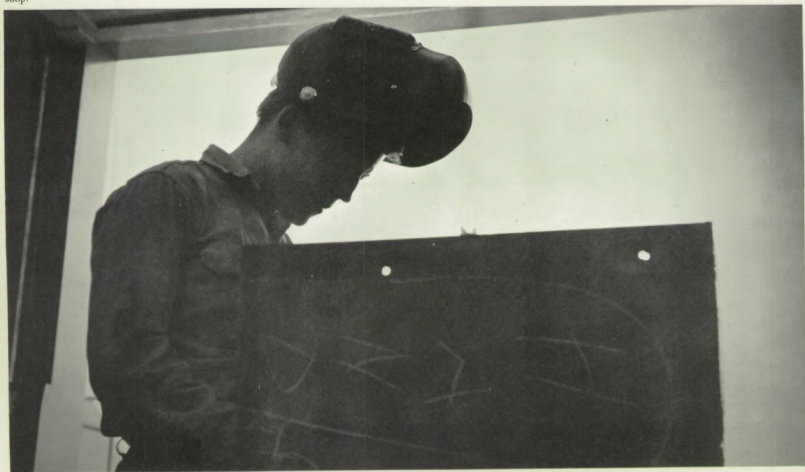

Tom Smith is threading a pipe in Mr. Zink's Pipefitting shop.

Tom Chapman is working micro-wire welders in Mr. Kennedy's Welding shop.

Shown working with a 4-inch pipe in Mr. Zink's Pipefitting shop is John Goodman.

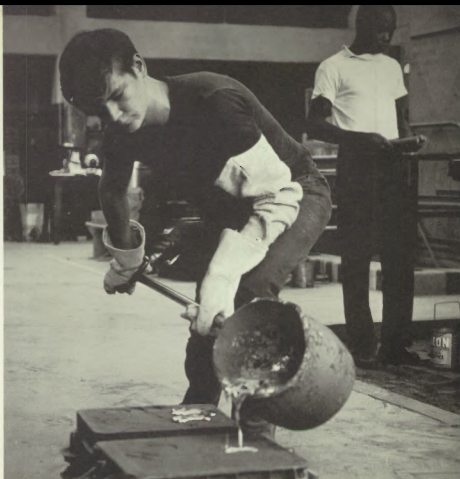

Students Work With Metals

Pipefitting gave experience to students in a "practice" house; they worked on hot water circulation systems, and also learned to cut, to thread, and to assemble various kinds of pipe.

Boys in Sheet Metal shop learned how to set up full-scale designs from a blueprint, and layout work and fabrication.

Forge-Foundry shop taught boys the elements of making and using sand molds and the shaping of malleable metals.

Welding shop offered practical training in both oxyacetylene and electric-arc welding as well as repair and maintenance of the welding equipment they use.

Fred Ridge is pouring mold in Mr. Ranney's Foundry shop.

Mr. Turner aids student in Sheet Metal shop.

Ronald O'Brien, Leonard, and Jim Houlihan shown making potato cutter in Mr. Ranney's Foundry shop.

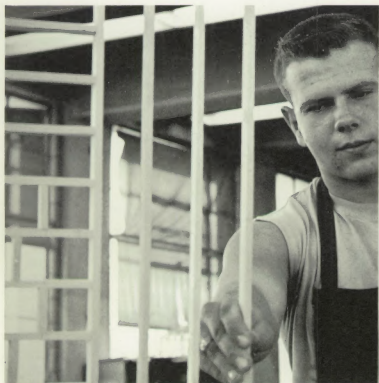

Vincent Formosa and Walker Peleshenko cut wood for a model house in Mr. Jaris' Carpentry shop.

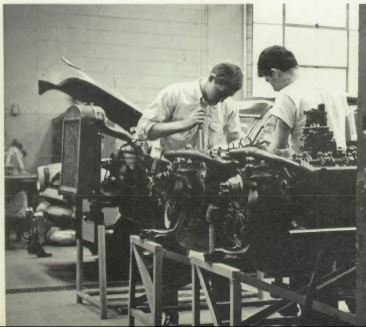

Mr. Lazars shows his class how to square a block for his Beginning Machine shop.

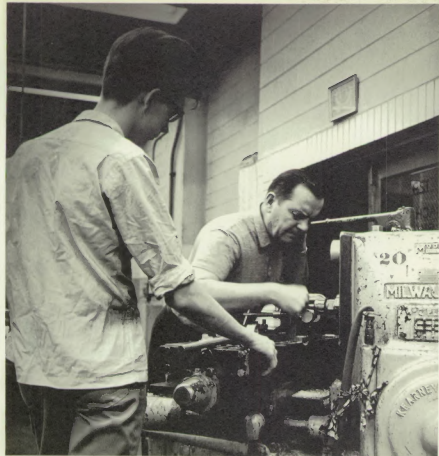

Gary Havlin designs roof for a model house in Mr. Jaris' Carpentry shop.

Setting valve clearances in Mr. Ford's Auto shop is Mike Street and Paul Collard.

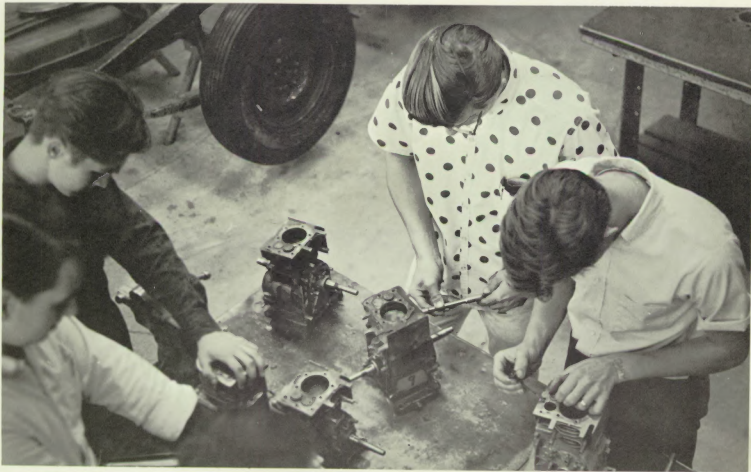

Mr. Martin, substitute for Mr. Lazars, helps Todd Ault and Lloyd Tolley with their project in Machine 2 shop.

Mr. Lazarz helps Bill Jones make pieces for a nut cracker.

Students Worked With Metal and Wood Projects

For students who found Exploratory Wood interesting, Wood Shop was offered at Tech. It taught them design, layout, and selection of lumber. Auto 1 taught basic instruction in the repair of two cycle engines, as well as auto repair. Auto 2 was concerned with the instruction in the repair and maintenance of automobiles. Machine 1 and 2 gave students experience in using tools and machines found "on the job" in industry.

In Mr. Ford's Auto 1 shop the class' first project is to repair lawn mower engines.

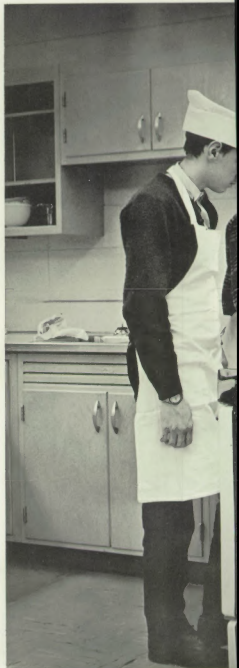

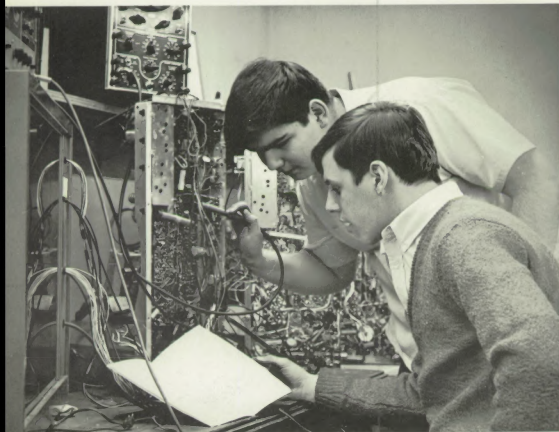

Students Trained

Students on the Distributive Education Class learned good work habits, and were also taught the functions of marketing, merchandising, management and salesmanship. Related D.E. allowed seniors to work afternoon's on a job of their choice.

Shown here working in Alterations Class is Bonnie Rzeczek.

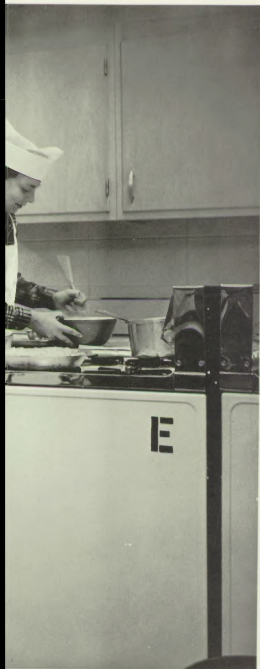

Randy Dorociak and Dean Witecki attend school half a day and work in the afternoon at J. W. Millikan Company.

Mike Cory and Chuck Wilson are working diligently on their project in Foods Class.

On The Job

Student's taking Food Service learned about sanitation, equipment, food spoilage, and proper procedure of preparing and serving of food. Senior's were allowed during the year to work for a shop credit, on the job in a restaurant.

Joan Taylor who is on the D.E. Course is employed by Carson, Pirie, Scott and Co.

Florence Payton and Georgene Dremonas arrange a manikin in Mr. Vician's Retailing Class.

Joan Backe, Donna Banik, and Raina Bryson are getting ready to serve toasted cheese sandwiches and salads in Miss Hamill's Food's I class.

Students Work At Food Preparation

All freshmen girls are required to take at least one semester of Foods. In Foods class girls learn many facts about nutrition and preparing meals at low costs. They acquire skills in preparing breakfasts, school lunches, luncheons, and special parties. Also, included in their course of study is the proper way in which to set a table.

Many boys, as well as girls decide to major in Home Economics. These boys are seriously thinking about entering vocations as chefs or owners of restaurants.

Tony Kotowski, Larry Grimmer, and Betty Wooley are measuring flour and lard in Mrs. Ryder's Fundamental Foods class.

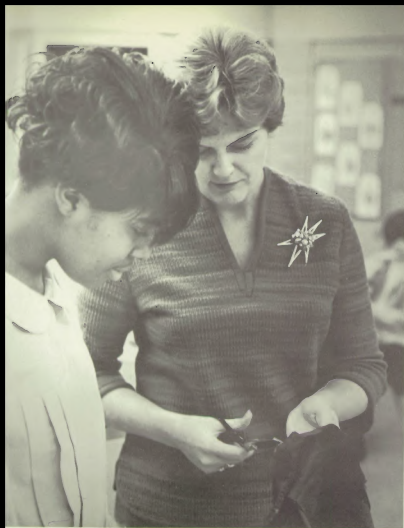

Bob Hawley is preparing apple dumplings in Mrs. Ryder's Fundamental Foods class.

Making Clothes; Fun And Useful

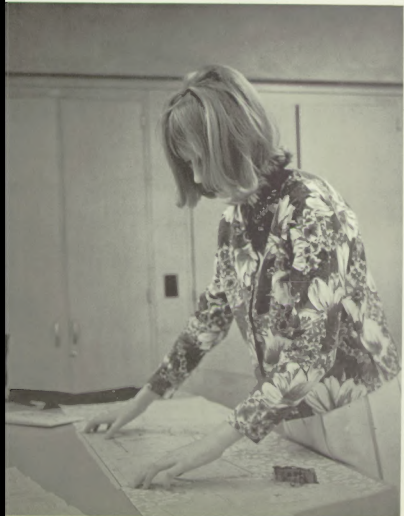

All freshmen girls were required to take at least one semester of clothing. In Clothing I the students were taught the basic steps in sewing, such as laying and cutting out patterns. The girls learned to sew by hand and on the machine. They also learned the parts of the machine. Such articles as skirts and blouses were made.

After one semester of clothing, a student could go on to advanced clothing, if she wished to do so. In advanced clothing such articles as dresses, suits, and coats were made.

Mrs. Miller assists Terry Crutcher in clipping facing in Clothing I.

Jan Quillen places pattern on fabric in Mrs. Williams's Clothing II class.

Judy Parrish works on unpinning a pattern in Clothing I.

Sewing a facing in is one of the things that Rosita Martinez does in making her blouse in Clothing I.

As part of their study for Miss Daggett's Home Management class, Robin Miller, Sandy Tokarz, Louietta Gleason are working on the pattern of rug weaves and recognizing them.

Home Life and Care Taught

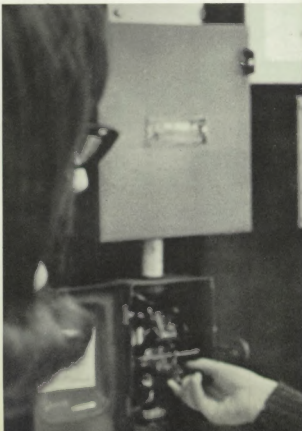

Girls were required to take Family Living, Homemaking, and Home Management for better understanding of home life and home care. These subjects taught about furniture styles, home cleaning, color schemes, and minor home repairs. Social behavior, good grooming, and home problems were discussed in Family Living. Home Nursing taught care of the sick and injured at home.

Robin Miller points out the correct way to change a fuse in Miss Daggett's Home Management class.

In Miss Thomas' Home Making class, Pat Busse and Georgette Wachowiak are operating the slide projector for a film strip.

Reading from a newspaper article in Miss Thomas' Family Living class is Naomi Camp.

Bonnie Markanich points out to Janie Johnkin the normal body temperature on model thermometer in Miss Daggett's Home Nursing class.

Janet Dibblee takes dictation in Miss Abarr's Shorthand I class.

Kristy Bricker was sent to work for the nurse for six weeks during Miss Abarr's Intensive Stenographic Laboratory.

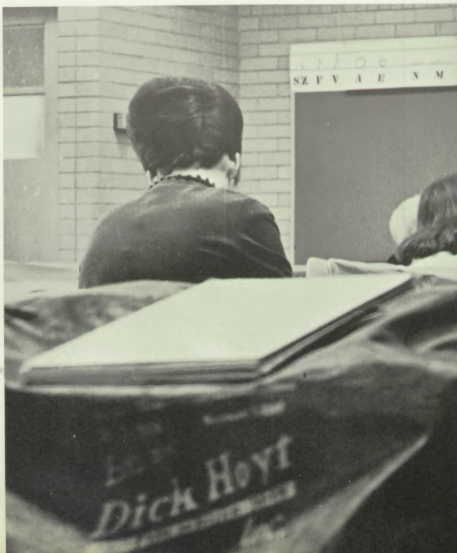

Tech's Steno Lab

Intensive Stenographic Laboratory was a new form of business training started at Tech. It was intended to give each girl a variety of experiences that she might face if she were working in a real office. The semester was divided into three six-week periods, with one third of the class on a different job each period.

Miss Ritter discusses a letter with Carol Gora in her Shorthand I class.

Mrs. Mulholland, substitute teacher in Mrs. Detwiler's Transcription I class, gives dictation for speed development to the girls.

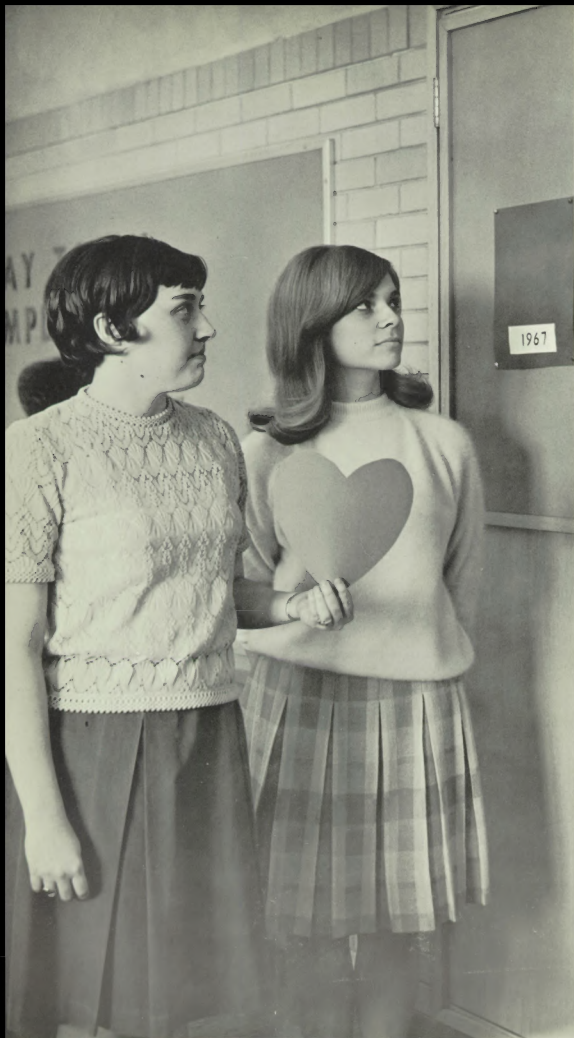

Shirley Vincent and Peggy Goodpaster type the con-
 dition practice at the beginning of Steno Lab to
 warm up their typing.

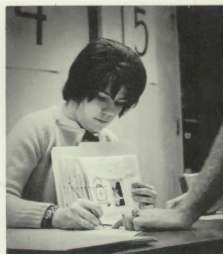

The new L-shaped desks made taking dictation typing in Room 308 more convenient and gave
 the room more of an office atmosphere.

Many Types

Mr. Frazier helps his Office Practice girl in Business Machines class.

Sheila Barnett collects money for Snap-o-graphs in Chart Bookkeeping.

Filing, Typing, Bookkeeping, and Comptometer are classes offered at Tech to both Stenographic and Clerical students.

They learn to type with speed and accuracy in Typing I-IV; to do such odd jobs as using the candy and meat scales and operating the cash register in Introduction to Business class; how to file cards and papers alphabetically, numerically, or geographically in Filing class; and learn how to keep journals, figure out assets, liabilities, and proprietorship in Bookkeeping class.

Judy Johnston and Janet Molenda are the typing queens in the 'Queen of Hearts' contest.

of Business Subjects Stressed For Tech Girls

In Mrs. Wood's Business Essentials class most of the time is working on your own.

Mr. Mazura helps Shirley Anderson with a problem in Bookkeeping I.

Bonnie Markaich and Karen Mathews count change for a job in Introduction to Business.

Carol Szot looks for job in Mr. Mazura's Filing class.

Tom Eret listens attentively to Mrs. Flack in her English 4 class.

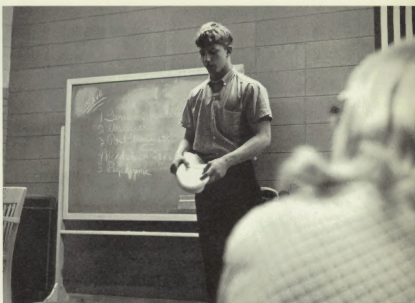

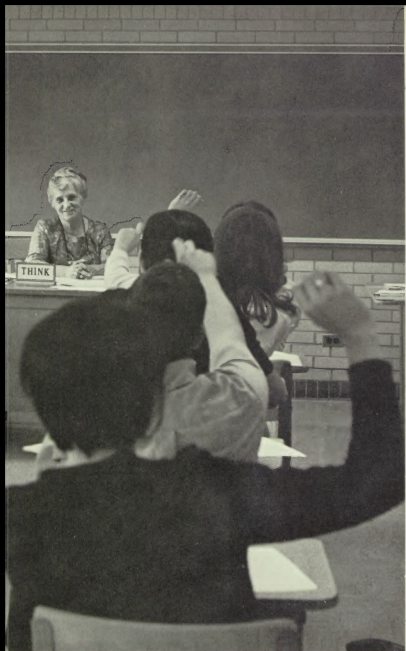

Mrs. Benson seems quite pleased that her English 5 pupils have studied their lessons so well.

Doing an extra assignment in Mr. Huey's English 5 class is Doug Stone.

English Basics Help Everyday

Jeff Yelton, prepares to give a speech on the equipment of a football player.

Now he demonstrates the use of the football helmet which is used at all times.

Life And Future Work

Life in an English class never changes as far as verbs, adjectives, and diagramming go. These basics are very helpful in our everyday life, in school and out on the job. Each English class is another stepping stone to help you reach your future goal.

A few of these language arts classes offered to students in '67 were journalism, speech, literature, compositions, and drama. Each student was required to take eight semesters of English.

For his conclusion, Jeff told of the many advantages of using the spiked football shoe when playing the game.

Students Shown

Mayor Dowling answers suggestions from visiting Tech students.

Mr. Osburn explains the daily assignment to his U.S. History 1 class.

Hammond City Clerk, Mr. Stanley Kulik, discusses some of Hammond's problems with a group of Government students.

Federal currency was discussed by Mr. Henry Callentine in his seventh period Economics class.

Government In Action

Countries around the world were discussed in Mr. Frank Lentvorsky's Geography class by Robert Rardin and Darlene Johnson.

Mrs. E. Byrnes questions Sam Little about an assignment he has just completed.

A better understanding and a more up to date view on government and how it is managed was brought about by a tour of City Hall, City Council Chamber, Police Department, Fire Department, and the Bureau of Vital Statistics. The Government students also visited Mayor Dowling's office and spoke with him.

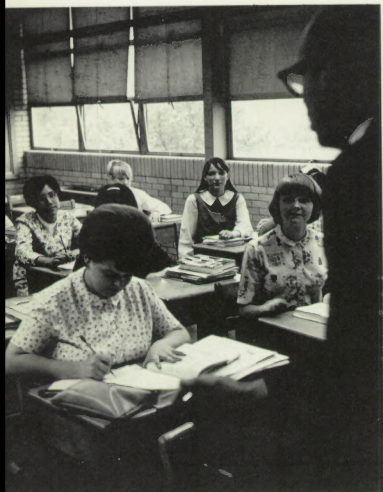

Tech students also learned about our present day world through the Social Studies Departments of: Geography, which teaches the study of the land, climate, and the people; World History I and II, a study of our world, it's people, past and present; United States History I and II, that is the study of our American Heritage; Government, in which students study how their country functions; and Economics; which includes units on consumption, production, the system of exchange, and distribution.

This year the social studies classes had two student teachers, who stayed six weeks. They came to observe and teach classes in their field under the supervision of the regular teachers.

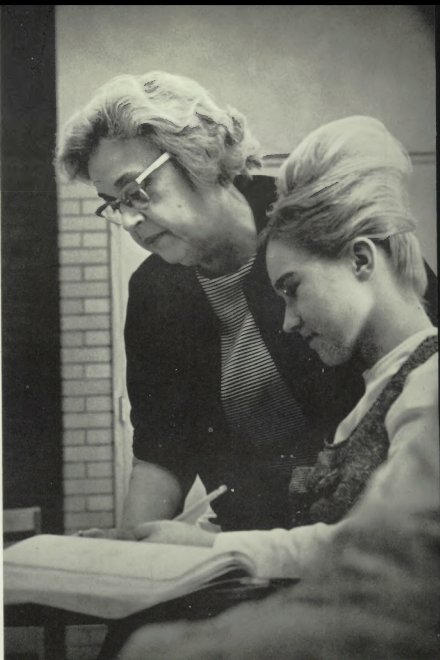

Mathematics

Requirements

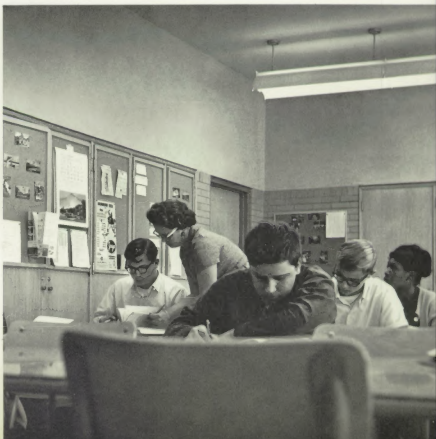

Many math classes were provided during the year. Algebra, geometry, and trigonometry were provided for students who planned to attend college, as Technical and Vocational students were required to take at least five semesters. To help students in their future occupations at home they took general Math. Business math was taken by the student who planned to go out into the business world. Special Math classes were provided for students who had special Math needs.

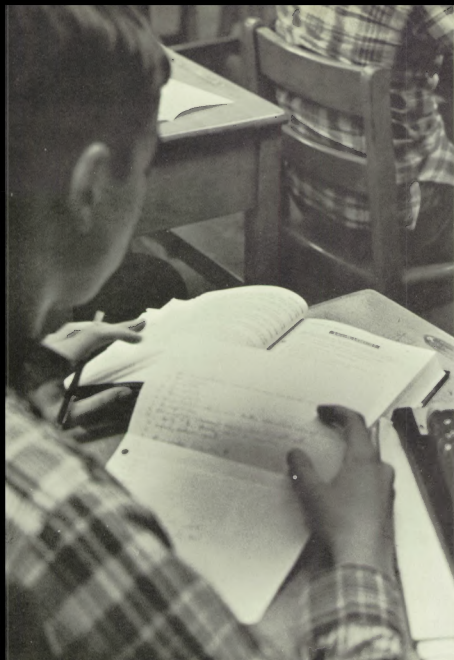

Mr. Jukes discusses the day's assignment with his Algebra 3 class.

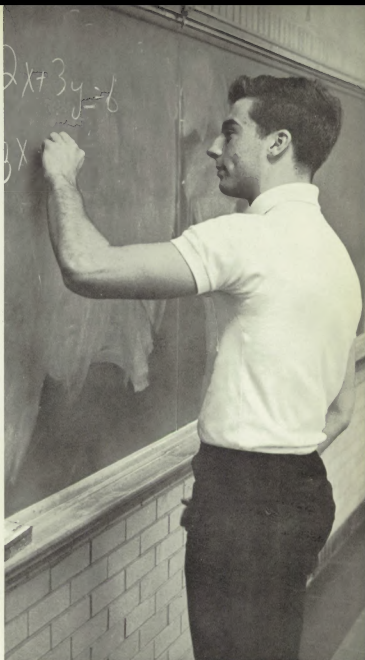

In her Business Math 3 class, Mrs. Jones explains a problem to Sandy Tokarz.

Assisting a student in her Math 2 class is Miss Wade.

A student concentrates on his assignment in his Math 2 class.

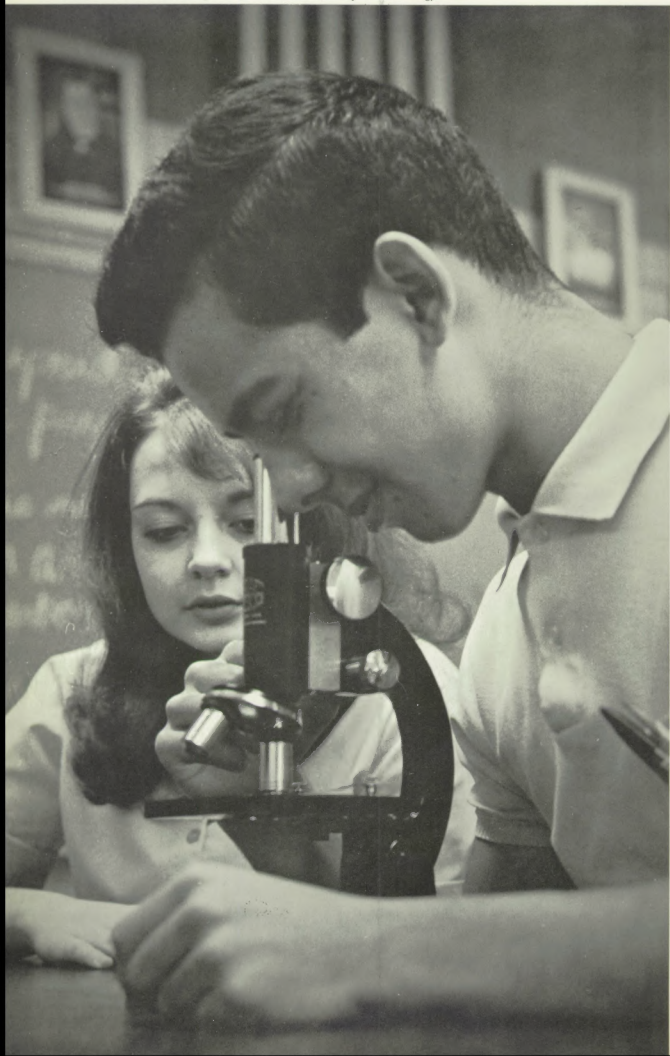

Ray Longowa works an Algebra 3 problem on the board as Mr. Maka and the class look on.

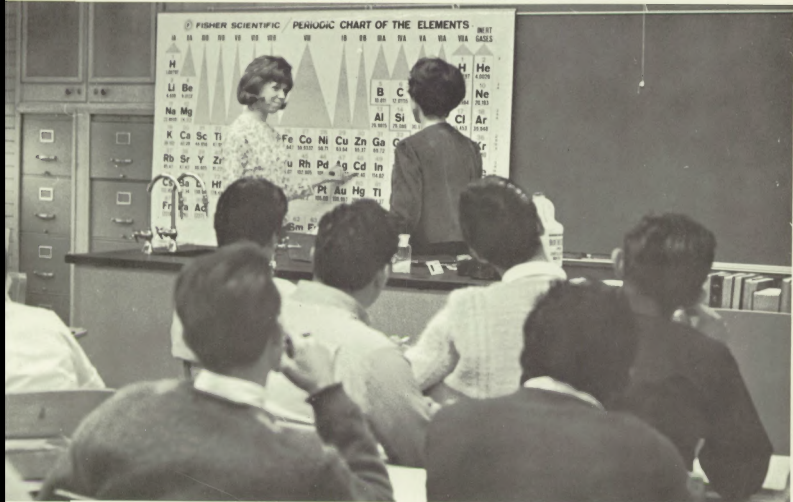

Students listen attentively in Mrs. Economou's Algebra 1 class.

Linda Pritchett and Ruben Ortega study slides under a microscope in their Biology 1 class.

Joyce Craggs and Mrs. Morrow point out important points on the Chart of Elements for the Physical Science Class.

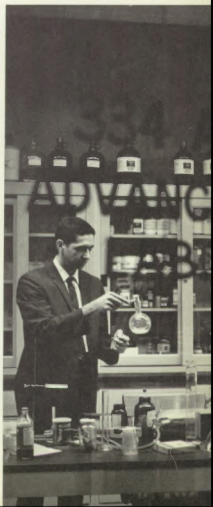

Mr. Welty demonstrates a law about chain reaction to Bob Alb in his Physics class.

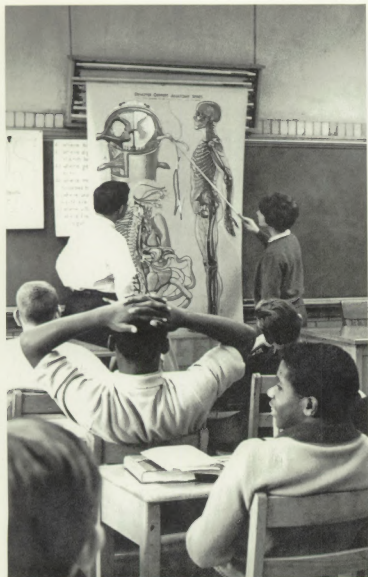

Knowledge of Science Grows

Students who are wishing to increase their knowledge of science engaged in various science classes during the year. In biology, chemistry, and physics, all required courses, those on the Technical course researched the basic principles of science. Students on the Vocational course took general science and physical science, with subject matter suited to their needs.

Mr. Abaraca does an experiment for his Biology I class.

Karen Hurley points out anatomy of the human body in Mr. Barnett's Health & Safety class.

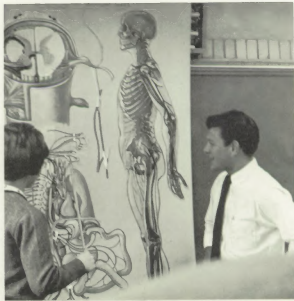

Boys observe the techniques of jumping rope in Mr. Bereolos' Physical Education class.

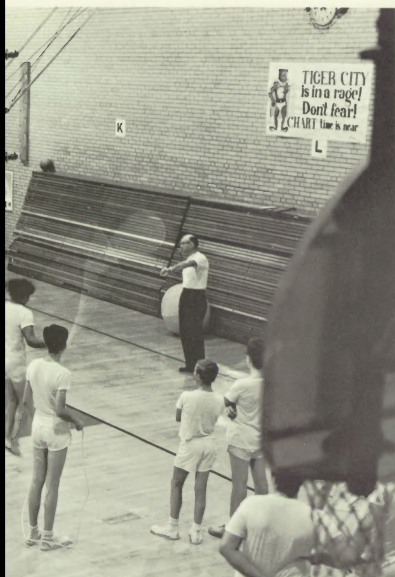

Freshmen Requirements Include Gym Class

Pointing out the anatomy of the human body in Mr. J. Barnett's Health and Safety class is Karen Hurley.

Mr. Barnett looks on as Karen names certain parts of the body assigned to her.

Mike Beeze exercises by jumping rope.

Physical Education is a required course for freshmen. Activities include such things as volleyball, basketball, tumbling, softball, square dancing, and exercises. Some of the body building exercises that are done are push-ups, jumping jacks, and running exercises.

In Health and Safety classes, the students learn such things as parts of the body, first aid features, and eating habits.

Girls in Physical Education class prepare for practice shots before starting a game.

Fine Arts Classes Accent Creativity

Art, Music, Publications

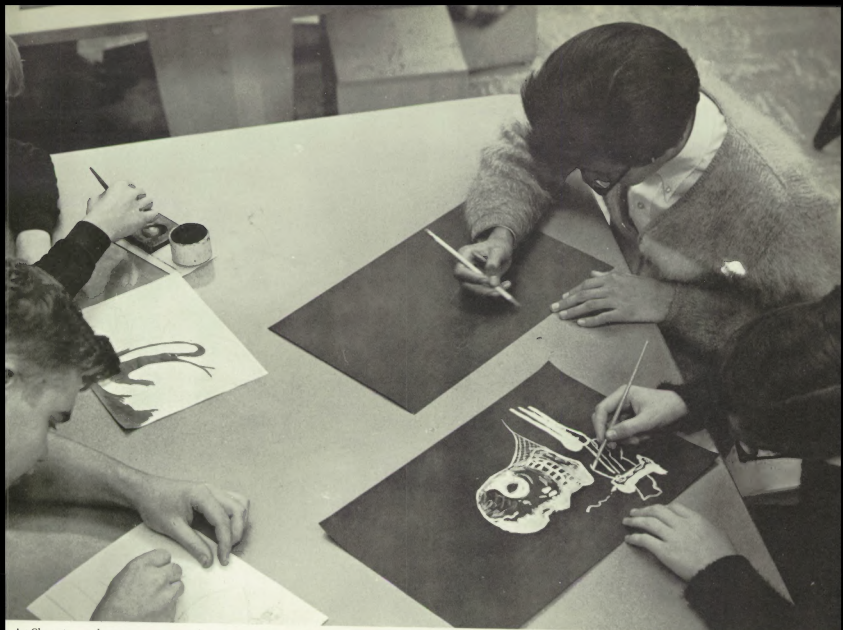

In addition to their regular classes and shops, students had an opportunity to take Art, Music, Band, Chart or Tech Times, and Study Hall. In Art, Band, Music, and Piano, students learned to develop their creative and expressive abilities. In either of the publications staffs, Tech Times or Chart, they are given an opportunity to write stories and articles for their fellow students. In Study Hall they can get their homework done or use the time to read in the library.

Learning to weave takes concentration and skill.

Mrs. Burr explains to her Spanish Class how to pronounce and use new words.

Art Class gives students an opportunity to learn and practice new skills.

Study Hall is a fine time to catch up on homework.

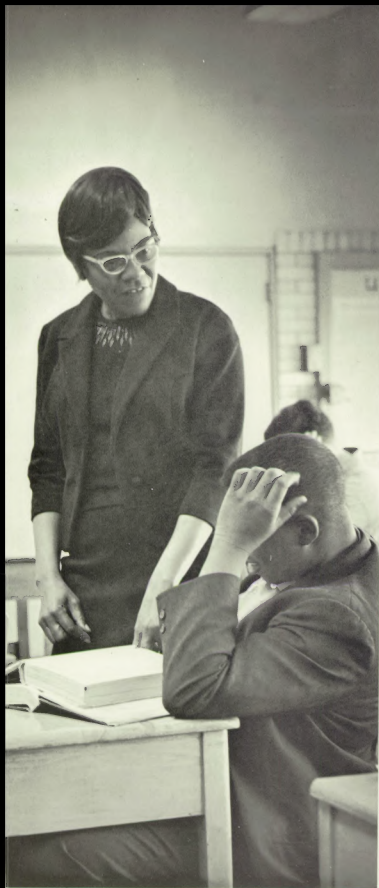

Mr. Rudd is discussing the daily assignment in one of his Special Education Classes.

Students eagerly participate in class discussion in Mrs. Lewis' Development English class.

Developmental Classes

Tech has special classes for special students. For example, if a student is making good grades in English, but could be making still better ones if he could read more efficiently, he is put into a Development Reading Class. Other students with similar problems will find help in Math and English from Special Education Classes.

Mrs. Lewis tries to assist Joe Bailey in answering a question, but Joe is still puzzled by the answer.

Mrs. Lewis looks on as Roger O'Roake figures out a Math problem for the class.

Tech Little Theater Presents Cinderella

The step-sister is braced by her mother as she tries to squeeze her foot into the glass slipper.

The Prince tells the Queen of Cinderella's beauty and his desperation to find her.

The Prince tells his valet that he must find the girl of his dreams.

"Cinderella" was presented November 4 and 5 by the Tech Little Theater. A different Cast acted each day. The cast included Alicia Zelanik, Sandy Ackerman, Pat Bodner, Rose Dills, Jean Kowalski, Gaye Gatwood, Nora Camp, Kathy Eagan, Debbie Thompson, Clem Shaw, Bernie Winderlich, David Briner, Eric Smith, Mary Ann Gadish, Michelle Trotter, Greg Duwar, Joe Hedges, Vincent Formosa, Rhea Bereolos, Judy Reel, Carol Cunningham, Pat Jeffries, Shirley Anderson, Debbie Lindsay, and Georgette Wachowiak.

Students gathered in the cafeteria to attend the dance sponsored by the Speech Club.

First Dance; Fun Begins

The music of the Red Coats entertained the students attending the first two dances of the year.

The Speech Club sponsored the first dance which was in our cafeteria.

Students attended our second dance on October 7 following our homecoming. The soc-hop took place in the gym and was sponsored by the Cheerleaders.

Rose Dills and Judy Gendron danced to the swinging music of the Red Coats at our Homecoming dance.

While some danced others listened.

Soc-Hop!

Jack Reymore, lead singer of the Red Coats, entertained at the Homecoming soc hop.

Sandy Ackerman and Randy Dorociak were the dance contest winners.

The "Realms of Sound" provided the music for those who 'came as they were'.

A variety of games were played by the 'children' at the 'Come as You Were Party'.

'Come As You Were'

On November 18, in the cafeteria, the Juniors and Seniors had their Class Party. It was entitled "Come As You Were"--and they did come, dressed in clothes they might have worn had they been between the ages of one to six. This included short pants and dresses, ruffled pinafores, sleeper pajamas, and a variety of other outfits. Girls wore their hair in pig-tails and braids, held in place with big bows and ribbons. Freckles, black eyes, and rosy cheeks were painted on their faces. Many had all-day suckers.

At the party they played games, had a bubble-blowing contest, a baby picture contest, and a dance contest. Karen "Cuddles" Myszak and Tom "Honky" Malinowski were chosen as the cutest babies at the party.

Music was provided by the "Realms of Sound."

Ice-cream, punch, and cookies were served.

Alicia Zelanik participated in the bubble-blowing contest.

Everyone held their breath as Debbie Thompson tries to blow the biggest bubble.

Karen Myszak and Tom Malinowski were chosen as the cutest babies at the "Come As You Were" party.

Tech's Annual Events Show Christmas Spirit

Tech's Christmas activities began with our participation in Hammond's annual Christmas parade, sponsored by the Hammond City Council. "Cinderella" was the theme of our float which placed fourth in the school competition.

On December 15, the annual Girls' Club Christmas Tea was given in the cafeteria after school. All Girls' Club and most of the faculty attended.

Finally, on December 21, the whole student body attended the school's Christmas Program presented by the Vocal and Music Departments. Folk songs, carols, and Christmas scenes added to the Christmas spirit.

Kathy Duwar, president, pours Mr. Clyne a cup of coffee at the Girls' Club Tea.

"Ho, ho, ho," laughs Santa, as he greets Miss Clency at the Girls' Club Tea.

Waiting to make their entrance into the auditorium for the Christmas program is the Girls' Chorus.

The Tech Folksingers sang a series of songs for the Christmas Program.

"Cinderella" placed fourth in the school competition in the annual Christmas Parade.

The Girls' Choir sang a number of songs at the Christmas Program.

Miss Virginia Volkman directs the Choir in a number at the Christmas Program.

Seniors proudly display their Mirror Award certificates given to them at the Junior-Senior Party.

Senior Mirror Awards Given

The Junior-Senior Party, which was given Friday the 13th, in the cafeteria, was quite an affair for the 1967 graduating Seniors. "Superstition" was the theme of the party and the main event was the presentation of the Senior Mirror Awards.

Entertainment was provided by records brought in by the class members. Several teachers also judged a dance contest which was won by Sandy Ackerman and Byron Chandler.

Enjoying the music at the Junior-Senior Party are Rose Dills and Dean Witecki.

Susie Broadwell and Bob Alb receiving awards for most talkative. Jeff Wilson substitutes for Bob.

Alicia Zelanik and Ron Lloyd portray the theme of the party—"Superstition."

Janis Urbanczyk and Brad Chandler receive award for best looking Seniors.

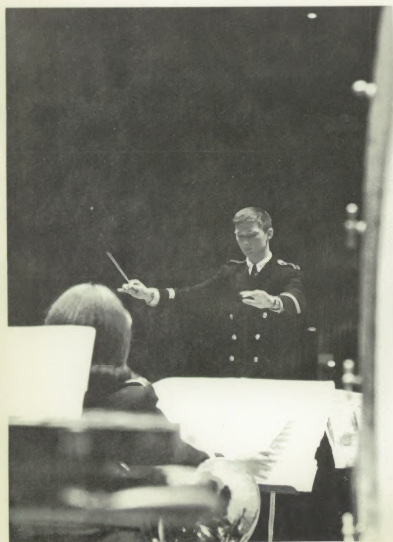

Bonnie Ciba and Bob Montabano accepting awards for Ideal Couple.

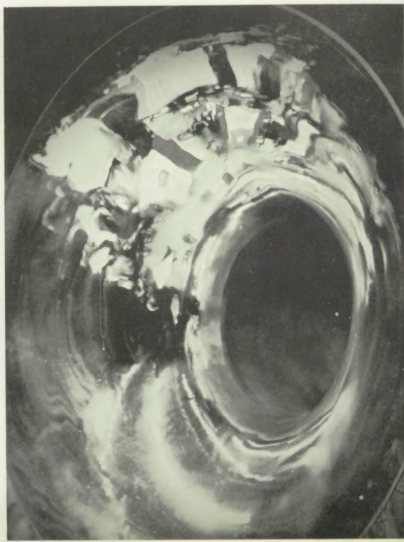

Best dancers of the Senior Class are Byron Chandler and Sandy Ackerman.

Four tuba players are included in the brass section of Tech's Band.

Gary Huddleston, student conductor, directed several numbers during the concert.

The reflection of the band members can be seen in one of their instruments.

Mr. Arnold Robinson directed the band members in Tech's Annual Winter Concert.

Huddleston Conducts in Winter Concert

The Tech Band, under the direction of Mr. Arnold Robinson, presented its annual Winter Concert on January 18, in the school auditorium.

Featured were selections such as "The Sound of Music" by Rogers and Hammerstein, "The Sound of Herb Alpert and the Tijuana Brass", and "The

Music Man" by Meredith Wilson.

Gary Huddleston, senior, who plans to major in music at college, directed several numbers as the student conductor and Dorothy Bukowski, senior, acted as mistress of ceremonies.

Students Active At Lunchtime

Students found many different things to do during their lunch hour. They used this time to visit friends, study, or just to relax.

The cafeteria provided well-balanced, nutritious meals at low cost for students. Many students brought a lunch from home, but purchased milk, cupcakes, or potato chips in the "cold line."

After lunch the students went into the gym to talk with their friends.

If they wished to study, they went to the library, where they could concentrate without noise.

The cast of "Dear Ruth."

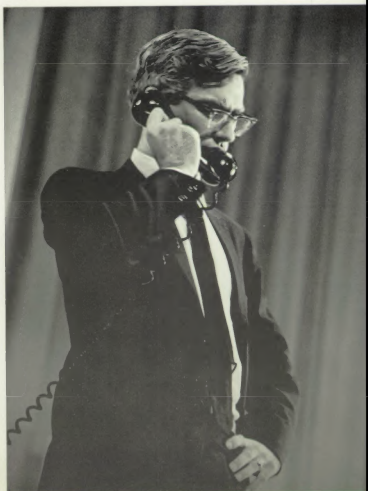

George Evanoff played the part of Albert Kummer in "Dear Ruth."

Sandy Ackerman was the youngest daughter of Judge Wilkins in "Dear Ruth."

Alicia Zelanik, Ruth, and Brad Chandler, Lt. Seawright, portray a serious moment in "Dear Ruth."

Bernie Winderlich portrayed Judge Harry Wilkins, Ruth's father.

Dear Ruth is Senior Class Play.

The popular comedy, "Dear Ruth," was presented by the Senior Class on January 25.

It concerns a young girl carrying on a romantic correspondence with a soldier who is overseas, using the name and photographs of her older sister. Hilarious complications arise when the soldier comes home and finds the elder sister engaged.

The cast included Rose Dills, Alicia Zelanik, Sandy Ackerman, Debbie Thompson, Bernie Winderlich, Brad Chandler, George Evanoff, and Donna Carlin.

Debbie Thompson played the part of Ruth and Brad Chandler as her secret admirer in "Dear Ruth."

Tech Spectacular Displays Talent

John Anderson and Cleo Yeager won first place in the afternoon performance of the Tech Spectacular.

Accompanying themselves, a duet sang the "House of the Rising Sun."

A band, "The Taste Mojo's," also displayed their talents at the Spectacular.

A skit was presented by Bernard Winderlich.

Gaye Watwood gave a skit portraying a young beatnik.

Julie Clendewen accompanied herself in a country and western song.

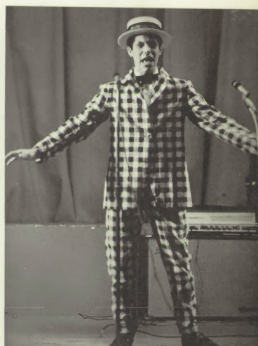

Kenneth Illant, Gerald Nagy and Richard Watwood won second place in the afternoon performance doing a skit entitled "Three Fishermen in a Boat".

Isadaro Salazar did a cut from the play "Mr. Roberts" and won third in the afternoon performance and was judged the best skit in the evening.

Alicia Zelanik was the mistress of ceremonies at the Tech Spectacular.

A cutting from the play "The Music Man" was given by Vince Formosa.

The Boys' Ensemble singing "De Animals A-Coming" won vocal competition in the evening performance.

Students had a chance to display their talent at the Tech Spectacular presented February 20. Talent was displayed in music, dramatics, dancing, and acrobatics.

At the afternoon performance Cleo Yeager and John Anderson won first place; a skit entitled "Three Fishermen in a Boat," give by Kenneth Illant, Gerald Nagy, and Richard Watwood won second place, and Isadaro Salazar was awarded third place for a cut from the play of "Mr. Roberts."

At the evening performance Isadaro Salazar was selected as the best skit of the night, the Boy's Ensemble singing "De Animals-A-Comin'" won the vocal competition. The Instrumental division was won by Larry Dommer who played an accordion solo.

Cheetah Dance Came to Tech

Students try out the latest dance steps at Tech's Cheetah.

"The Realms of Sound" provided the music at Tech's Cheetah Dance.

Sandy Ackerman danced to the music of "The Realms of Sound" at Tech's Cheetah.

Clem Shaw and Marily McBride were one of the many couples dancing at the Girls' Club Dance.

The place was the cafeteria. The time was February 10 after our game against Morton. The occasion--a dance sponsored by Girls' Club entitled 'Cheetah Comes to Tech.' Students danced and listened to the music of "The Realms of Sound" who, with their neon lights, created an atmosphere similar to one found in a teen-age night club.

The lights were dim--adding more to a night club effect at Tech's Cheetah Dance.

Super Snowstorm Hits Hammond, City Comes to Complete Standstill.

A superstorm hit the Midwest on January 26 and 27, dumping over 23 inches of snow on Chicago and the surrounding area, giving Tech students an unforeseen, lengthened mid-term break. The snow began falling on Thursday morning and continued until Friday night at the rate of about one inch per hour. There were drifts in some places surmounting six feet. People were stranded at work, in stores, and literally thousands were confined to their homes. The snow came so quickly that snow removal equipment was unable to keep the streets clear. When the removal equipment began to work again, the snow had already entered the record books as the worst of Midwestern history. The main streets were slowly made passible, and it was four days before side street clearance could even be thought of. All schools in the area were closed an extra week because of the snowstorm. Major industries were forced to shut down because of lack of workers. People rushed to stores to hoard bread and milk, which were in shortage. This was one winter that Hammond residents won't soon forget.

Prom and Graduation Hold Senior Memories

"In the Still of the Night" was the theme of the '66 Prom, held at Madura's Danceland on May 13. The Post Prom Party, which was sponsored by the Tech P.T.A., was at San Remo's.

Baccalaureate for the Class of '66 was on Sunday, May 29. Music for the baccalaureate services was furnished by the Tech Music Department.

Commencement was on June 1 in the Auditorium. The speaker was Mr. Mearle Donica, Director of Vocational Education of Indiana. Mr. Charles Scott, board member, presented the diplomas. Speeches were given by Dan Lachut, valedictorian, and Candy Witzke, salutatorian.

Class History

Four years and three summers ago, the Senior Class of 1967 came to Tech. Since then, they have chosen their officers to lead them to the success of all Senior Classes. Their choices; Bonnie Ciba, President; George Evanoff, Vice-President; Sandy Miller, Secretary; Amber Waugaman and Bob Montalbano, Treasurers; and Candy Langer, Social Chairman, have marched them to graduation to the motto of "Find a Way or Make One." With colors of Baby Blue and Navy Blue and a Carnation tipped in Navy Blue.

The Senior Class honored the Class of 1968 with a "Come as You Were" party and the Juniors reciprocated with a salute to the departing Seniors, entitled, "Superstition." The last stage appearance of the Seniors on the Tech stage was presented January 25, 1967, in "Dear Ruth." April 26, 1967 was the date of the Senior Dinner. May, one month before graduation, was the time for the Prom, May 12; Dress Up Day, and Class Day. The reign of the Senior Class ended with Senior Week, Baccalaureate on June 4, and Commencement on June 8.

ADONAIS Part XLIV

*The splendours of the firmament of time
May be eclipsed, but are extinguished not;
Like stars to their appointed height they climb,
And death is a low mist which cannot blot
The brightness it may veil. When lofty thought
Lifts a young heart above its mortal lair,
And love and life contend in it, for what
Shall be its earthly doom, the dead live there
And move like winds of light on dark and stormy air.*

— Percy Bysshe Shelley

Officers: Cheryl Huff-President, Judt Tandarich-Vice President, Roberta Emmerson-Secretary, Chris Klapkowski-Treasurer, and Penny Goodpaster-Social Chairman.

For the first time in Tech's history the Juniors took first place for their Homecoming Float. The election of class officers was held on Oct. 11, 1966. Cheryl Huff was elected President. The first Junior-Senior party was on November 18, 1966. The theme was "Come as you were from ages 1-6" given by the Seniors. The second Junior-Senior party was on January 13, 1967. The theme of this party was "Superstitions," this party was given by the Juniors. The most important event of the year, the Prom, was held on May 12, 1967. This year's theme was "These precious moments."

At times, students found themselves working at strange projects as did these two fellows working at sewing machines in home economics.

GROWING STUDENTS

Whether it be working in the chemistry laboratory, setting type from a California job case, or getting ready to go home, students at Tech made their preparations to go out in the world. Frustrations, successes, failures, hopes fulfilled or shattered; all were part of the process of growing from boys and girls into men and women.

In the final analysis, Tech students found that their high school was truly a stepping stone to the future.

In our recruiting we ask that applicants have completed their High School education. That's because we try always to fill higher, more responsible jobs from the ranks of our employees. And the records show—the better the employee's education, the better he is at his job—and the better he does for himself.

Inland employees continue to gain knowledge and experience in special trades through formal apprenticeship programs offered in the following trades—Machinist,

Patternmaking, Boilermaking, Welding, Shop Electrician, Wireman, Mason and Pipefitter.

Many concentrate on certain phases of steelmaking by working in production while others work in laboratories helping to assure quality or developing new and better products for our customers.

How about you? Inland Steel is steadily expanding. More and more opportunities will be open to you as our growth continues. Are you ready?
